

**A SUIT OF WHITE.**

In every cake of Ivory Soap there are 100 complete suits of rich, creamy lather. Before dressing, put on a suit of Ivory Soap. Cover the entire body from head to foot with lather. Take the suit off with tepid water and you will remove with it all the impurities of the body which have been carried to the surface through the pores. Use a pure soap for this.

IVORY SOAP—99% PER CENT. PURE.

**FILIPINOS FLY TO SAVE THEIR LIVES**

**Newly Organized Band of Rebels Is Creating Unrest in Morong.**

MANILA, March 5.—Senator Ampil, president of the town of Cantal, province of Morong, Luzon, who is well-known as an American sympathizer, and who was recently captured by the insurgents, together with some native constabulary who disappeared on March 3, after an engagement with rebels, has been rescued from his captors and returned to Cantal.

Senor Ampil says the insurgent force which took him prisoner is an entirely new organization, consisting of 55 uniformed men. Since the capture of Senor Ampil and the engagement of the constabulary, March 3, the province of Morong has been ferment.

The unrest has grown with Senor Ampil's return. Excitement is now intense and many inhabitants of the province who have been friendly to the United States authorities are leaving their houses and emigrating in the hope of saving their lives.

**BURGLARS WERE DARING.**

Made Successful Haul While Two Citizens Watched Them.

WASHINGTON, Ind., March 5.—While two citizens were watching them, burglars looted the First National bank, at Montgomery, seven miles east of here, early this morning and escaped with \$3500 in money and \$3900 worth of government bonds.

Five explosions of nitro-glycerine were required to blow open the safe.

**STATE HAS FINISHED.**

Defense in Rice Murder Case Will Begin Testimony Today.

NEW YORK, March 5.—Testimony against the charge that Albert T. Patrick killed Millionaire Rice will be begun when court opens tomorrow; the prosecution having closed its case today.

The number of witnesses the defense expects to call is about 30. Attorney House will declare that Patrick was Rice's friend, not his murderer. It is promised that several eminent doctors will testify that William Rice died from natural causes; that he died before Jones put the chloroform-soaked sponge in the cone over his face.

**WILL OF BILLY WEST.**

Bulk of His Half Million Bequeathed to His Widow.

NEW YORK, March 5.—According to the will of William H. West, the

the soap which began its sale in the 18th century, sold all through the 19th and is selling in the 20th.

Sells all over the world.

well-known minstrel, who died recently in Chicago, practically all his property and one-third of his real estate are to go to his widow, Emma C. West.

The will has just been filed for probate. Of the real estate, two-thirds is to be divided among his brother, Robert R. Flynn, of Syracuse; his step-brother, John J. Fitzgerald, of Auburn, and his sister, Margaret E. Peabody, of Auburn.

A clause in the will provides for the carrying on of a theatrical enterprise in which West was interested.

The estate is estimated at half a million dollars.

**PROPOSED CANDY TRUST.**

Five-Million Dollar Concern to Be Organized in St. Louis.

CHICAGO, March 5.—Edwin Corbin, representing a law firm with offices in New York and Chicago, according to a special to the Inter-Ocean, accompanied by a representative of a New York trust company, who represents the financial end of the deal, was in St. Louis the last few days negotiating for options on the candy factories there with a view of merging them into a candy trust, with a capital of \$5,000,000.

Charles F. Wencker, of the Wencker-Morris Company, acknowledged that he has been seen by the promoters in reference to entering a consolidated candy company.

**MUST BE NATURALIZED.**

Porto Rican Residents of Hawaii Can Not Otherwise Vote.

HONOLULU, Feb. 26, via San Francisco, March 5.—About a year ago Porto Ricans were brought here in large numbers by plantation owners, and the Republican territorial central committee asked Attorney-General Dole for an opinion as to whether the Porto Ricans were citizens and had a right to vote.

Dole rendered an opinion that the Porto Ricans have to be naturalized, as foreigners are, before they could vote in Hawaii.

**DEFALCATION MADE GOOD.**

Mrs. Daly Advances Shortage of Bank Cashier at Great Falls.

BUTTE, Mont., March 5.—A special to the Miner from Great Falls says that negotiations were concluded late last night whereby Mrs. Margaret Daly becomes the owner of the First National bank, whose financial condition was jeopardized by Cashier Henry H. Matteson, who embezzled \$170,000.

Mrs. Daly will pay an assessment of 60 per cent levied by the United States controller to cover the defalcation of the erring cashier. Matteson's shortage will be made good out of the money handed over by Mrs. Daly. John D. Ryan will be president and John G. Morony, who was formerly state bank examiner, will be cashier of the institution.

The bank has a capitalization of \$300,000 and Mrs. Daly has purchased 70 per cent of the stock.

**PREPARING FOR CORONATION.**

The Formality Will Be Made as Brief as Possible.

NEW YORK, March 5.—Details of the coronation are gradually coming up for the royal decision, says the London correspondent of the Tribune, and nearly all the essential points will be decided before the departure of the king for Paris and the Riviera. Great courts have been made to shorten the service at Westminster Abbey, if the ecclesiastical authorities were allowed to have their way the service would

occupy five or six hours, with official requirement that the spectators should be in their places an hour or two in advance. The Litany will certainly be dropped and the musical part of the service will probably be curtailed.

Other changes are proposed, but there is a tendency to magnify the importance of every detail. The Abbey service and the royal drive through the metropolis are the only fixtures. The day for the naval review has not been announced, nor that of the gala night at Convent Garden, nor the day's functions at the Buckingham palace. The garden party at Hatfield may occur on the Saturday after the coronation service.

The king's health is reported to be excellent.

**MAY BE IN SAFE KEEPING.**  
Diamonds Stolen at Brussels Thought to Have Been Seized.

NEW YORK, March 5.—Many diamond merchants and government inspectors here express the belief that some of the stories of large diamond robberies at Brussels and tales of the thieves having fled to America are connected with the recent heavy seizures at this port of smuggled jewels. By proving stolen property, they say, the gems can be saved from confiscation.

**ANOTHER JOLLY.**

VIENNA, March 5.—The Austro-Hungarian mission of Washington will be raised to an embassy in 1903, as evidence of the cordial relations existing between Austro-Hungary and the United States.

**METAPHYSICAL.**

If a building is destroyed by fire is it the fire or the building that burns? The fire, I suppose.

What does the building do? Well, it burns, of course.

What does the fire burn? It burns the building.

Then if the fire burns the building how can the building be said to burn? It burns down, doesn't it?

Didn't you say a moment ago that it was the fire that burned?

Yes.

Then how can the fire and the building both burn?

That is what I mean, of course.

But isn't fire sometimes in a building?

Yes, of course.

Then why did you say it was always on a building?

I thought that was what you said.

On the contrary, I was trying to find out what you thought. Now, if it is the fire that burns the building can the building really be said to be doing anything?

No, I suppose not.

Then the building doesn't really burn, does it?

No.

It simply can't be doing anything, can it?

I suppose not.

Then if the building doesn't burn, of course, it is because it can't burn, is it not?

Yes; that seems reasonable.

But if a building doesn't burn and can't burn how can it be destroyed by fire?

I—I don't know. That makes my head ache.

**Troubles that Lead to Insanity and Suicide Result from a Diseased and Disorganized Nervous System.**

**PAIN'S CELERY COMPOUND.**

The Great Banisher of Nervousness in all Its Forms.

Are you a victim of melancholia, and do you brood from day to day? Does the shriek of the steam whistle, the rattle of wheels, or the clangor of bells cause you to start and shiver? If this is your condition, be assured your case is extremely critical.

It is fitting that you should investigate your condition at once. If you are sleepless, depressed in spirits, if your mental movements are slow, if you are subject to terrifying hallucinations and an aversion to food, we say with all earnestness, beware of insanity and suicide.

The science of medicine has, thank Heaven, furnished a means for the banishment of all the troubles referred to. Paine's Celery Compound is the great restorer and builder of the weakened and shattered nervous system. This marvelous prescription of Professor Edward E. Phelps, M. D., LL. D. begins its work directly on the nerves by bracing them up; it strengthens tissues and muscles; it causes pure life giving blood to flow freely to every part of the body, carrying health, vigor, joy, and happiness into each hour of life. Beware of remedies that have no merit or reputation to commend them, they simply aggravate existing troubles. Ask your druggist for Paine's Celery Compound, the medicine that never disappoints.
